Creativity is seeing what everyone else has seen, and thinking what no one else has thought." rightly said by Albert Einstein.

I am overwhelmed with immense joy as the primary department of our school is about to publish the Newsletter for the Quarter July-Sep 2020. It is the result of indomitable determination shown by a group of devoted teachers and students despite the pandemic situation. As education is an attempt to nurture the child into a better human being, its highly important to provide a platform to express their views and thoughts. This Newsletter named Corals gives wings to the imagination of tiny tots. I would like to appreciate the sincere efforts taken by teachers of Primary department under the guidance of Mrs. Kanta Prashar and Mr. Deep Kumar.
